

Photograph Analysis Worksheet

Student Name:

Date:

Town and State:

Photo Series Number _____

Photograph # _____

1. Changes over time: How has the landscape changed? Identify differences between this photo and the earlier photograph(s).

2. Imagine and then describe the sights, sounds and smells the first photographer might have experienced that would not be present when the shutter clicked on the later image.

3. Of the changes you listed in question 1, which ones are probably permanent? Why are they permanent?

4. If you were describing this place to a stranger, what would you say was most significant about it?

5. What have you been wondering about as you look at these photographs? Make a list of questions that come to mind.
